## PREFACE.

---

The following pages describe the remaining coins, etc. of the collection of the late Harlan P. Smith, Esq., of New York City, whose great collection we sold May 8 to 11, 1906, for a total of \$22, 615.10.

There are a number of very rare Mint Marks, Patterns, etc., which did not appear in the first collection having been discovered since. Mr. Smith was a great believer in the value and rarity of 1858 dollars, 1797, 1800, 1846 dimes and 1846 half dimes, certain dates of proof sets, etc., so that he was a gatherer of these pieces which accounts for the number here offered. Collectors will find this a great opportunity to purchase as the sale is made by order of the Executrix and is absolute as was the first sale.

Collectors will oblige us by carefully examining their bids before sending them in so as to avoid errors. Bids are always so much for each coin no matter how many are in a lot; the exception to this rule being proof sets and where it is stated that they are sold as one lot.

We charge 10% on the amount purchased (no charge is made unless purchase is effected) to cover the time, trouble and expense of attending to the bids, forwarding those bought, etc. The auctioneers will execute bids entrusted to their care without charge but they assume no responsibility and require payment to be made before goods are sent.

As time is short before this sale and the Wetmore sale, the two preceeding days, we would ask collectors to send bids as soon as they can; and to exercise care to mark their bid sheets as to whether for Wetmore or Smith sale.

A few catalogues are yet on sale of the Smith collection and will be sent expressage paid. The illustrated edition

with 14 beautiful plates; printed list of prices obtained  
bound in: 4to; ½ cloth ..... \$5.00

Same catalogue *without* plates, price list bound in at  
back ..... \$1.00

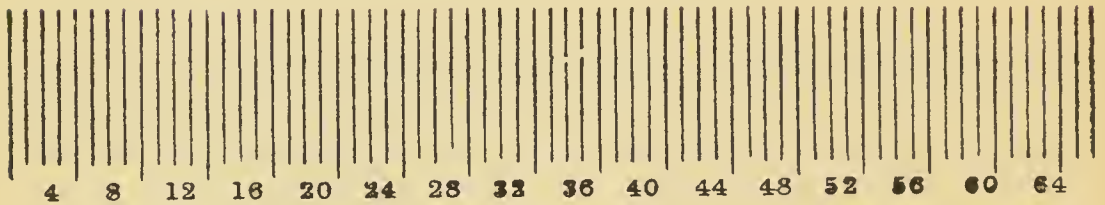

Priced catalogue of this sale ..... .50

We guarantee all the coins and medals, notes, etc., to be  
genuine; and this guarantee holds good indefinitely.
